

## Good Beginnings 2022-2023 Enrichment Registration Form

Child's Name: \_\_\_\_\_ Date: \_\_\_\_\_

### Enrollment Instructions:

- Enrichment sessions run monthly.
- **Circle** the sessions in which you would like to enroll your child.
- Write in the total amount and return form with payment (payable to Good Beginnings) to the office.
- **Space is limited so it is recommended that you register early!**

**Please note:** your child may not attend an enrichment class if tuition or any payments are outstanding. There are no refunds for sick days, absences or withdrawals. A credit for enrichment classes will be issued after three snow/emergency delays.

Some children may not be able to handle the academics or length of the extended day. In some cases, we may need to speak with you about your child's ability to continue with the program.

We do not save spots for enrichment classes. Form & payment are required to secure a spot.  
**Cash or check only, please.**

## Enrichment Monthly Themes

### Science Squad (Tuesday 11:30-2:00pm):

This class will cover a variety of science topics and allow students the opportunity to learn how things work and explore their world through hands on experiments, experiences and projects.

### The Language Express (Wednesday 11:30-2:00 pm):

Studies show that the earlier a child is exposed to a foreign language, the easier it is for that child to learn it, and the more they will gain and grow from the experience. Through three language classes, American Sign Language, Portuguese and German, these little learners will discover new ways to communicate. They will also delve into the culture of each language, giving them a glimpse into the great big world beyond preschool.

### Afternoon Adventures (Thursday 11:30-2:00pm):

After enjoying lunch and playtime together, our intrepid little explorers will work together on a variety of activities, guided by a teacher.

### Exploration Station (Friday 11:30-2:00pm):

All aboard! Calling all explorers and creators who are ready to discover the world around us. Come along as we take a hands-on approach to learning through a variety of subjects, giving a head start in kindergarten preparation. Next stop....fun!

Science Squad – Tuesdays 11:30-2:00			
Month	Theme	Teacher	# Classes
